Of course, the Xerox 6204 is covered by our unmatched Total Satisfaction Guarantee, as well as a number of innovative service programs and tools.

Your nearest Xerox authorised Wide Format reseller is:

The ideal fit for small spaces and big projects.

Spanning the gap

From construction sites to crowded offices, now it's easy to print, copy and scan mission-critical documents with the fast, affordable Xerox 6204 Wide Format Solution.

The speed and quality you need . . .

The Xerox 6204 Wide Format Solution prints and copies up to 5 A1 prints per minute – an amazing speed from an amazing small printer. Need to turn hard-copy drawings into electronic files? The Xerox 6204 provides scanning options that enable the most complex documents to be automatically converted to electronic formats and stored where you need them – anywhere on your PC or on your network.

Crisp, accurate copies and prints are critical to your business. Innovative Xerox toner and drum technologies deliver outstanding image quality at 600 x 600 for both copying or printing operations. Although the Xerox 6204 is a state-of-the-art, high-tech wide format solution, it does not require a high-tech operator. Even casual users can easily navigate its intuitive menus and touchscreen with minimal training.

. . . right where you need it.

The Xerox 6204 Wide Format Solution is loaded with features, yet it requires very little space. These features are provided by a fully integrated controller which is within the system, eliminating the need for a separate, additional work station. The 6204 can be positioned where you want it, even up against a wall.

The Xerox 6204 workflow is fully operational within virtually any environment. It is built to industry standards and can be integrated with your existing workflow and work processes to enhance your productivity quickly and seamlessly.

A no-compromise design you can count on

The Xerox 6204 provides fast, high-quality printing and copying where you need it, when you need it. Print and copy instantly and avoid the delay of sending your documents to remote printing facilities.

Control your costs.

With benchmark features, extraordinary durability, rock-solid reliability and a competitive price, the Xerox 6204 offers extraordinary value. Maximising productivity by doing more in less time, whilst reducing overhead and operational costs.

The Xerox 6204 makes it easy.

Simple, intuitive menus turn casual users into experts. The touchscreen can be customised to maximise productivity in any workflow. And the 6204 features keys that can be assigned to call up a variety of specific menu functions with a single keystroke.

Designed to work the way you work

Choose the Xerox 6204 that best fits your specific job and workflow requirements.

- Printer only – a unique product available only from Xerox
- Digital Copier and Printer
- Digital Copier and Printer with Scan-to-File/-Net

The Xerox 6204 is fully upgradeable so you can minimise costs. Choose only what you need today, then add capabilities later as your business needs grow.

- Upgrade from one to two paper rolls
- Increase speed from 4 A1 to 5 A1 prints per minute
- Add Adobe® PostScript® for more flexible printing
- Upgrade to optional Scan-to-Net for ultimate electronic mobility of documents

Print

The Xerox 6204 combines high performance with the flexibility to handle just about any job. It produces up to 5 A1 prints per minute. Output size is up to 914mm wide and up to 15 metres long. New drum and toner technologies produce extremely uniform greyscales and solids without ghosting.

Copy

With its rugged design and simple, customisable touchscreen user interface, the 6204 supports even the most demanding copying requirements. Select collated sets, choose between nine levels of copy density and save time with Job Recall. The 6204 is the ideal choice for virtually any space anywhere.

Scan

The fastest on-board scanner in its class at 3 ips can save hours over the life of a project. But scanning is just the beginning. Optionally, the 6204 can provide automatic conversion of scanned files to electronic formats enabling you to share, store or print files anywhere on your network. Save documents in industry standard formats: TIFF, PDF or CALS.
